

Prompt Engineering Hands on - Exercise 2

Exercise 1: Identify the Prompt Technique

Prompt:

"Summarize the following paragraph in one sentence."

Answer:  **Zero-Shot Prompting**

Reason: The AI is given only the task and no examples.

Exercise 2: Prompt Recognition

Prompt:

Example:

Question: What is AI?

Answer: AI refers to machines that can perform tasks requiring human intelligence.

Now answer: What is Prompt Engineering?

Answer:  **One-Shot Prompting**

Reason: Exactly one example is provided before asking the new question.

Exercise 3: Choose the Correct Technique

Scenario:

You want AI to follow the same writing style every time while generating responses.

Answer:  **Few-Shot Prompting**

Justification: Multiple examples teach the AI the desired writing style, resulting in more consistent outputs.

Exercise 4: One-Shot Prompt Creation

Answer:

Example:

Customer Complaint: "My order arrived two days late."

Polite Response: "We're sorry for the delay in delivering your order. We understand your frustration and appreciate your patience. We'll work to ensure a better experience in the future."

Now respond to this complaint:

"The product I received is damaged."

This is a correct **One-Shot Prompt** because it contains exactly one example followed by a new task.

Exercise 5: Rewrite Using Correct Technique

Original Prompt:

"Make this sound professional: 'Send this now.'"

Answer (One-Shot Prompting):

Example:

Informal: "Can you fix this?"

Professional: "Could you please address this issue at your earliest convenience?"

Now rewrite this professionally:

"Send this now."

Reason: One example demonstrates the expected style before the actual task.

Exercise 6: True or False

Statement:

"Few-shot prompting is used when the task is very simple and well-known."

Answer: ❌ False

Explanation: Few-shot prompting is typically used when the AI needs guidance through multiple examples to learn a specific pattern, style, or format. Simple, well-known tasks usually require **Zero-Shot Prompting**.

Exercise 7: Prompt Comparison

Prompt A:

Write a product description.

Prompt B:

Write a 3-sentence product description for a budgeting app targeting young professionals.

Answer: ✅ Prompt B

Explanation: Prompt B provides specific instructions about length, product type, and target audience, leading to a more relevant and focused response.

Exercise 8: Technique Selection (Tricky)

Scenario:

You want AI to consistently follow the same writing style across multiple outputs.

Answer:  **Few-Shot Prompting**

Reason: Multiple examples establish a consistent writing pattern, making the AI more likely to maintain the same style across responses.

Exercise 9: Bonus Challenge

Fill in the blanks:

- Simple task, no examples →  **Zero-Shot Prompting**
- One example to guide style →  **One-Shot Prompting**
- Multiple examples to train pattern →  **Few-Shot Prompting**
